greetings

Hello, awesome and hello, 2023! It might be COLD in January, but your team members will feel **warm & fuzzy** when they participate in my signature Keep Your COOOL workshop (more info on page 2). Let's get you on the schedule! Wishing you a bright & happy New Year!

Tourism Talks! are heading to Clubhouse in the New Year.

what the heck is clubhouse?

Clubhouse is a social audio app – think of it as a call-in radio show for the 21st century. Users enter “Rooms,” where they can listen to (and participate in) conversations about specific topics.

what the heck is a Tourism Talk?

Tourism Talks! are casual conversations among hospitality professionals from around the world. It's a fantastic way to network within the industry, share best practices, and collaborate about the future of hospitality and tourism. Tourism Talks! are open to everyone - in fact, the more the merrier! Clubhouse is a dynamic place where you are invited to pop in and out of rooms, to be a listener, a speaker, or both! Join us on Wednesday, January 11th!
